

NO EXCUSES Guaranteed!

At Lionshead we are so confident in the performance of our tires we will replace any ST radial tire for any reason for the first twelve (12) months from date of retail sale.

Choose Lionshead for our innovative products and services:

- ✓ **Five (5) year warranty** for manufacturer's defect.
- ✓ For first twelve (12) months from date of retail sale Lionshead will replace the tire for any reason under our **No Excuses Guarantee** Program.
- ✓ The assemblies come with a complimentary **two (2) year Roadside Assistance Program**. The owner can use this program to have a service technician come out and remove the damaged assembly and install the inflated spare at any time.
- ✓ All assemblies are **filled with nitrogen**. Nitrogen maintains a tire's proper PSI longer which, in turn, insures the assembly achieves its stated load carrying capacity.
- ✓ Lionshead automotive grade aluminum wheels have **steel inserts** in the lug nut wells. This application improves safety by enhancing proper torque retention.
